

OWNERSHIP CHANGES

Tribune will not process a change of ownership without receiving the request in writing, accompanied by a recorded conveyance document from the record title owner. It is the owner's responsibility to notify Tribune as to any ownership or status changes in order to reflect current record title. The conveyance must clearly describe the property to be transferred, along with the conveyance recording information for the county in which the property is located. Please include the following information:

- Name of current owner and owner number, if available
- A copy of the recorded conveyance, assignment or deed
- Your name, address and social security number or tax ID number
- A phone number including area code, where the contact person can be reached during the day
- Email address

Below contains guidance regarding specific documentation required for different types of ownership changes. All new payees are required to submit a completed IRS Form W-9 with evidence of a valid SSN or TIN.

Original documents will not be returned; send a COPY (or copies) of the documents requested. Please forward all ownership change requests and associated documentation by email or by mail to either of the following:
